**calf** means a male or female bovine that—

- (a) is under 12 months of age; and
- (b) weighs less than 40 kg at the slaughter point

**company**, in relation to a New Zealand person, has the same meaning as in section YA 1 of the Income Tax Act 2007

**cow** means a female bovine with more than 6 permanent teeth

**heifer** means a female bovine with no more than 6 permanent teeth

**milk solids** means milk-fat and protein components of raw milk (being untreated milk) from cows, heifers, or goats

**New Zealand person** means—

- (a) a New Zealand citizen; or
- (b) a New Zealand resident within the meaning of section YD 1 of the Income Tax Act 2007; or
- (c) a company that is resident in New Zealand within the meaning of section YD 2 of the Income Tax Act 2007

**slaughter point** means the final point at which the carcass is weighed before it is—

- (a) broken down into cuts or boneless products; or
- (b) chilled or frozen

**synthetic fertilisers containing nitrogen** means a nitrogen-containing substance or mix of substances, produced by chemical manufacture,—

- (a) whose main function is to provide nutrients for plants; and
- (b) which is described as, or held out to be for, or suitable for, sustaining or increasing the growth, productivity, or quality of plants or, indirectly, animals through its application to plants or soil

**vealer** means a male or female bovine that—

- (a) is under 12 months of age; and
- (b) weighs between 40 kg and 160 kg at the slaughter point.

Clause 3: substituted, on 1 January 2011, by clause 4 of the Climate Change (General Exemptions) Amendment Order 2010 (SR 2010/339).

Clause 3 **bobby calf**: revoked, on 1 January 2013, by clause 4(1) of the Climate Change (General Exemptions) Amendment Order 2012 (SR 2012/316).

#### **10 Exemption for activity of dairy processing of milk or colostrum**

A person who carries out the activity (listed in subpart 3 of Part 5 of Schedule 3 of the Act) of dairy processing of milk or colostrum is exempt as a participant in respect of any of the following that apply:

- (a) dairy processing of milk or colostrum from goats or sheep:
- (b) dairy processing for which the person is not required to have a risk management programme registered under the Animal Products Act 1999:
- (c) dairy processing of milk or colostrum to which paragraphs (a) and (b) do not apply if the person carries out the dairy processing at a level that does not exceed the threshold set out in Schedule 1.

Clause 10: replaced, on 1 January 2013, by clause 6 of the Climate Change (General Exemptions) Amendment Order 2012 (SR 2012/316).

#### **11 Exemption for activity of exporting live cattle, sheep, or pigs**

A person who carries out the activity of exporting from New Zealand live cattle, sheep, or pigs in accordance with an animal welfare export certificate listed in subpart 3 of Part 5 of Schedule 3 of the Act is exempt as a participant in respect of

the activity if the person exports from New Zealand live cattle, sheep, or pigs at a level that does not exceed the annual threshold set out in Schedule 1.

Clause 11: inserted, on 1 January 2011, by clause 5 of the Climate Change (General Exemptions) Amendment Order 2010 (SR 2010/339).

Clause 11: amended, on 1 January 2013, by clause 10 of the Climate Change (General Exemptions) Amendment Order 2012 (SR 2012/316).

## **12 Exemption for activity of producing eggs**

*[Revoked]*

Clause 12: revoked, on 1 January 2013, by section 103 of the Climate Change Response (Emissions Trading and Other Matters) Amendment Act 2012 (2012 No 89).

### **12A Exemption for operating remote disposal facilities**

- (1) A person who carries out the activity (listed in Part 6 of Schedule 3 of the Act) of operating a disposal facility is exempt as a participant in respect of operating the disposal facility if subclause (2) applies.
- (2) This subclause applies if—
  - (a) the disposal facility has been in operation continuously on and from 31 December 2011; and
  - (b) the disposal facility is not a disposal facility listed in Schedule 2; and
  - (c) one of the following applies:
    - (i) the disposal facility—
      - (A) is situated in mainland New Zealand; and
      - (B) disposes of less than 1 000 net tonnes of waste per calendar year; and
      - (C) is located 150 km or more from the nearest disposal facility listed in Schedule 2:
    - (ii) the disposal facility—
      - (A) is situated in mainland New Zealand; and
      - (B) disposes of less than 500 net tonnes of waste per calendar year; and
      - (C) is located 75 km or more from the nearest disposal facility listed in Schedule 2:
    - (iii) the disposal facility—
      - (A) is not situated in mainland New Zealand; and

- (B) is located 25 km or more from mainland New Zealand.
- (3) In this clause,—  
**diverted tonnage** and **gross tonnage** have the same meaning as in regulation 11(1) of the Waste Minimisation (Calculation and Payment of Waste Disposal Levy) Regulations 2009  
**mainland New Zealand** means the North Island or South Island of New Zealand  
**net tonnes of waste** means gross tonnage minus diverted tonnage of waste.
- (4) For the purpose of determining the distance of a disposal facility that is not listed in Schedule 2 from a disposal facility that is listed in Schedule 2, the following apply:
- (a) the distance is the shortest distance by—
    - (i) road; or
    - (ii) rail; or
    - (iii) road and rail; but
  - (b) if one of the disposal facilities is not located in mainland New Zealand, the distance is the distance by boat between the harbours closest to the disposal facilities.

Clause 12A: inserted, on 1 January 2013, by clause 7 of the Climate Change (General Exemptions) Amendment Order 2012 (SR 2012/316).

### *Exemption for part of activity*

#### **13 Exemption for activity of mining coal in form of peat**

A person who carries out the activity of mining coal where the volume of coal mined exceeds 2 000 tonnes in a year listed in Part 3 of Schedule 3 of the Act is exempt as a participant in respect of the part of the activity that concerns the mining of coal in the form of peat if the person mines coal in the form of peat at a level that does not exceed the threshold set out in Schedule 1.

Clause 13 clause number: substituted, on 1 January 2011, by regulation 6 of the Climate Change (General Exemptions) Amendment Order 2010 (SR 2010/339).

Clause 13: amended, on 1 January 2013, by clause 10 of the Climate Change (General Exemptions) Amendment Order 2012 (SR 2012/316).

**14 Exemption for activity of importing sulphur hexafluoride**

*[Revoked]*

Clause 14: revoked, on 1 January 2013, by section 103 of the Climate Change Response (Emissions Trading and Other Matters) Amendment Act 2012 (2012 No 89).

**15 Exemption for activity of importing HFC-245fa/365mfc**

*[Revoked]*

Clause 15: revoked, on 1 January 2013, by clause 4 of the Climate Change (General Exemptions) Amendment Order (No 2) 2012 (SR 2012/399).

**16 Exemption for activity of mining natural gas, other than for export**

- (1) A person who carries out the activity (listed in Part 3 of Schedule 3 of the Act) of mining natural gas, other than for export, is exempt as a participant (to the extent determined under subclause (2)) in respect of the mining of natural gas that is—
  - (a) sold to another person; and
  - (b) used to make natural gasoline.
- (2) If subclause (1) applies, the following formula must be used to calculate the amount of natural gas for which the person is exempt as a participant:

$$G = (m_{cg}/m_c) \times N$$

where—

**G** is the amount in tonnes of natural gas for which the person is exempt as a participant

**m<sub>cg</sub>** is the mass fraction of carbon in the natural gasoline that is derived from the natural gas

**m<sub>c</sub>** is the mass fraction of carbon in the natural gas (as recorded under regulation 16 of the Climate Change (Stationary Energy and Industrial Processes) Regulations 2009

**N** is the amount in tonnes of natural gasoline derived from the natural gas.

Clause 16: inserted, on 1 January 2012, by clause 4 of the Climate Change (General Exemptions) Amendment Order 2011 (SR 2011/362).

**17 Exemption for activity of operating electrical switchgear that uses sulphur hexafluoride (SF<sub>6</sub>)**

A person who carries out the activity (listed in subpart 2 of Part 4 of Schedule 3 of the Act) of operating electrical switchgear that uses sulphur hexafluoride is exempt as a participant if the combined sulphur hexafluoride capacity of all of the electrical switchgear operated by the person in a year does not exceed the threshold set out in the Schedule of this order.

Clause 17: inserted, on 1 January 2013, by clause 5 of the Climate Change (General Exemptions) Amendment Order (No 2) 2012 (SR 2012/399).

**Notes****1 General**

This is a reprint of the Climate Change (General Exemptions) Order 2009. The reprint incorporates all the amendments to the order as at 1 January 2013, as specified in the list of amendments at the end of these notes.

Relevant provisions of any amending enactments that contain transitional, savings, or application provisions that cannot be compiled in the reprint are also included, after the principal enactment, in chronological order. For more information, see <http://www.pco.parliament.govt.nz/reprints/>.

**2 Status of reprints**

Under section 16D of the Acts and Regulations Publication Act 1989, reprints are presumed to correctly state, as at the date of the reprint, the law enacted by the principal enactment and by the amendments to that enactment. This presumption applies even though editorial changes authorised by section 17C of the Acts and Regulations Publication Act 1989 have been made in the reprint.

This presumption may be rebutted by producing the official volumes of statutes or statutory regulations in which the principal enactment and its amendments are contained.

**3 How reprints are prepared**

A number of editorial conventions are followed in the preparation of reprints. For example, the enacting words are not included in Acts, and provisions that are repealed or revoked

are omitted. For a detailed list of the editorial conventions, see <http://www.pco.parliament.govt.nz/editorial-conventions/> or Part 8 of the *Tables of New Zealand Acts and Ordinances and Statutory Regulations and Deemed Regulations in Force*.

#### **4 Changes made under section 17C of the Acts and Regulations Publication Act 1989**

Section 17C of the Acts and Regulations Publication Act 1989 authorises the making of editorial changes in a reprint as set out in sections 17D and 17E of that Act so that, to the extent permitted, the format and style of the reprinted enactment is consistent with current legislative drafting practice. Changes that would alter the effect of the legislation are not permitted. A new format of legislation was introduced on 1 January 2000. Changes to legislative drafting style have also been made since 1997, and are ongoing. To the extent permitted by section 17C of the Acts and Regulations Publication Act 1989, all legislation reprinted after 1 January 2000 is in the new format for legislation and reflects current drafting practice at the time of the reprint.

In outline, the editorial changes made in reprints under the authority of section 17C of the Acts and Regulations Publication Act 1989 are set out below, and they have been applied, where relevant, in the preparation of this reprint:

- omission of unnecessary referential words (such as “of this section” and “of this Act”)
- typeface and type size (Times Roman, generally in 11.5 point)
- layout of provisions, including:
  - indentation
  - position of section headings (eg, the number and heading now appear above the section)
- format of definitions (eg, the defined term now appears in bold type, without quotation marks)
- format of dates (eg, a date formerly expressed as “the 1st day of January 1999” is now expressed as “1 January 1999”)

- position of the date of assent (it now appears on the front page of each Act)
- punctuation (eg, colons are not used after definitions)
- Parts numbered with roman numerals are replaced with arabic numerals, and all cross-references are changed accordingly
- case and appearance of letters and words, including:
  - format of headings (eg, headings where each word formerly appeared with an initial capital letter followed by small capital letters are amended so that the heading appears in bold, with only the first word (and any proper nouns) appearing with an initial capital letter)
  - small capital letters in section and subsection references are now capital letters
- schedules are renumbered (eg, Schedule 1 replaces First Schedule), and all cross-references are changed accordingly
- running heads (the information that appears at the top of each page)
- format of two-column schedules of consequential amendments, and schedules of repeals (eg, they are rearranged into alphabetical order, rather than chronological).
