

The 9000 Store

The tools you need to Achieve and Maintain ISO 9001

 (877) 942-6572

[View all Standards Certifications](#)

Thank you for your purchase from [The 9000 Store](#)

Your purchase includes ISO 9001 flowcharts created in MS Visio© (Software not included). These [flowchart templates](#) can be exported to MS Word©, PowerPoint©, Excel©. (We also include the ISO 9001 Flowcharts as pdf files so you can view them before deciding on which software you will use to edit the documents.)

If you do not own a copy of MS Visio©, Standards Stores has arranged to provide you FREE 6 month access to [LucidChart](#), where you can upload the Visio© templates and edit or Share. LucidChart also allows you to [collaborate online](#) with others, easily make changes, and more.

Here are your instructions for receiving 6 months of FREE LucidChart:

1. Go to: <http://the9000store.com/lucidChart.aspx>
2. Complete registration form
3. Once completed, you will receive an email from [LucidChart](#) with instructions to access your account.
4. You can now get started using LucidChart [and learn how to create and modify flowcharts](#).

But LucidChart does MUCH more than flowcharts. They have a very intuitive interface for process improvement, project management, and more. I recommend viewing [their demo](#) and you will see how this software will easily help you:

- * Review processes
- * Illustrate them with flowcharts and presentations to help your clients visualize their processes for improvements.
- * Turn them into Gantt charts to manage a process
- * Etc.

Check out all the great online information to help you progress your business:

- * [Video Tutorial](#)
- * [Examples](#)
- * [And more](#)

PLEASE NOTE:

We are not LucidChart resellers, nor do we provide technical support on the LucidChart software. We include this as a convenience at our own cost, to save the customer from having to purchase software.

If you have specific questions on LucidChart, we encourage you to contact them directly:

<http://support.lucidchart.com/home>, which has:

- * [Knowledge Base](#)
- * [Support Desk](#)
- * [And more](#)
